01 Welcome

These guidelines are more than just a rulebook – they are the essence of who we are, what we believe in, and how we present ourselves to the world. As you read through these pages, you'll gain insight into our company's character, our aspirations, and the distinct voice that makes us, well, us.

We know that brand guidelines can sometimes seem constraining, but we like to think of them as a trusted compass, guiding us in expressing our brand in a way that is authentic, potent, and consistent. They exist to ensure we all tell the same brand story, no matter where or how we represent it.

So, dive in, explore, and help us in our mission to communicate our brand effectively, today and into the future.

welcome aboard!

What's The Purpose of This Guide?

This guide is designed for our internal team and our close partners who have to work with our brand assets. The purpose of this guide is multi-fold:

Consistency

The primary purpose of brand guidelines is to maintain consistency across all platforms and points of contact with customers, partners, and stakeholders. Whether it's in print, digital, or face-to-face interactions, the brand should always be represented in the same way.

Identity

Brand guidelines help shape a company's identity by clearly defining its visual and verbal elements. This enables easy recognition and differentiation from competitors, making the brand instantly recognizable to customers.

Communication

Brand guidelines serve as a communication tool, helping to convey a company's mission, vision, values, and personality to its audience. They help create a strong, authentic brand voice that resonates with the target market.

02 BRAND OVERVIEW

Brand Story

In many families, parents want to bring home toys that make their children happy, but high prices often stand in the way.

We created Hamleys Smile to change this. Instead of focusing on expensive branded toys, we curate a wide mix of affordable, fun and safe toys sourced from various makers. Our goal is to give children exciting choices and give parents comfort through friendly prices.

“how the brand came to life.”

The name “Smile” reflects what we want to create every day. A smile on a child’s face. A smile on a parent’s face when they find something joyful within their budget. Hamleys Smile is more than a store. It is a place where play feels welcoming, simple and full of happiness for every family.

Brand Purpose

“Why the brand exists.”

Hamleys Smile exists to make the joy of toys accessible to every child. We believe play should never feel out of reach. By offering thoughtfully curated, affordable toys, we make happiness easy, everyday, and real. Our purpose is simple i.e. bring smiles to children and lighten the emotional load of parents.

Brand Value

These four core values shape who we are as a brand and reflect the principles we bring into every toy and every smile.

JOY – We spark happiness and imagination through toys that make everyday moments brighter.

INCLUSIVITY – We create toys for every child, across different backgrounds, cities, and budgets so everyone can enjoy the magic of play.

TRUST – We are committed to reliable quality, child-safe materials, and honest value that parents can depend on.

PLAYFUL EXPERIENCES – From store design to interactions, we create cheerful, friendly, and welcoming experiences for families.

Brand Vision

To become the most loved, trusted, and accessible toy destination in Tier 2 cities—where every family can afford joy, every child feels included, and every visit becomes a memory filled with smiles.

Goal One

Widespread Accessibility

Make quality, safe, and joyful toys available in neighbourhood shops, local markets, supermarkets, and community stores across India, ensuring every child has access to play.

Goal Two

Trust Through Quality

Build strong confidence among parents by offering toys which are safe, durable, and responsibly selected even at lower price points.

Goal Three

Encourage Imagination & Learning

Create toys that spark creativity, curiosity, and developmental learning, turning everyday play into meaningful moments that help children grow.

Goal Four

Community & Connection

Become a familiar neighborhood destination where birthdays, surprises, and small celebrations begin.

Target Audience

Our audience includes parents, children, and community shoppers who seek safe, trustworthy, and affordable play options.

Demographics

Age: Parents 25–45, children 2–12

Gender: All genders

Income Level: Middle class & lower-middle class

Location: Tier 2 and emerging Tier 3 cities

Occupation: Teachers, small-business owners, service workers, homemakers, retail employees, junior corporate roles

Family Structure: Nuclear and joint families

Psychographics

Interests

Prefer toys that feel fun, colourful, and engaging. Value educational play but at an affordable price. Look for gifts during birthdays/festivals. Seeking variety without high-cost commitment.

Values

Want their children to feel included. Believe in small joys & simple celebrations. Look for trustworthy stores with reasonable pricing.

Lifestyle

Budget-conscious but emotionally driven. Celebrate small wins & moments with toys or gifts. Prefer convenient, quick shopping experiences.

Brand Positioning

Unlike premium toy chains, we focus on:

- Value over brand-name prestige
- Fun over luxury
- Accessibility over exclusivity

We are where happiness meets affordability.

Hamleys Smile positions itself as the Friendly, affordable, inclusive toy store that brings playful joy within reach of every family.

Brand Tagline

“Where Smiles Come to Play” was chosen because it captures the heart of the brand , joyful play that brings genuine happiness to every child and family.

“Where Smiles Come to Play.”

03 BRAND LOGO

Primary Logo

Hamleys Smile's voice is warm, playful, and friendly. We speak with joy and innocence of childhood and the care that parents trust.

Where Smiles Come to Play.

Logo Meaning

The Hamleys Smile logo is designed to feel warm, friendly and full of childlike charm. The letter forms are hand-drawn to give a natural, unpolished look that resembles the way children draw. Their soft curves and rounded shapes echo the feeling of a smile, making joy a part of every letter.

The curved “smile” at the end completes this idea. It reminds us of the happiness the brand wants to bring to every child and family. The stars around it represent imagination, wonder and the small sparks of joy that toys create.

The red and yellow colours add to this feeling. Red brings warmth and energy, while yellow reflects brightness, optimism and the magic of play. Together, they create a logo that feels cheerful, approachable and full of life just like the spirit of Hamleys Smile.

Logo On Merch

● ● ●

While merchandise is not the primary focus of the brand at this stage, exploring logo applications on merch allows us to envision future possibilities. This section represents a potential growth avenue like a future scope that the brand may expand into as it scales and strengthens its presence. The intent here is not to position merch as a core offering, but to showcase how the brand identity can extend seamlessly across touchpoints if needed.

On The Web

Place the logo on the upper left corner of the website. Do not center align it! Note that the mockups include just one version of the logo's color (refer to the color scheme for more options).

Favicon / App Icon

Use the icon only version of the logo as the brand's favicon. The default size is 32x32px. (Favicon is the little icon.)

On Social Media

When you use the logo on social media, make sure you use enough white space on all sides. Use the pre-approved profile designs you can find on this page on all of your social media channels. Do not alter the layouts! You can edit the colors (as long as they match the color guide!)

05 TYPO- GRAPHY

Primary Typefaces

Our brand's main typefaces are Kids Magic and Jacques Pro. Our typefaces were chosen to balance child-friendly charm with brand clarity. Kids Magic brings a playful, rounded, storybook feel that reflects the innocence and creativity central to Hamleys Smile. Jacques Pro adds structure and legibility, helping maintain a clean, modern look across headings and body text. Segoe Script introduces a warm, handwritten touch that mirrors the doodle-style illustrations used throughout the brand, creating a cohesive and friendly visual language.

Typography Rules

Leave Enough White Spacey

Make quality, safe, and joyful toys available in neighbourhood shops, local markets, supermarkets, and community stores across India, ensuring every child has access to play.

Maintain Consistency

Consistency in text size, weight, and style is essential for a unified look. Use different weights and styles purposefully to establish hierarchy and emphasize important information.

Mind the Baselines

When placing text boxes near other text boxes, try to align their baselines and top edges. This creates a balanced, cohesive, and visually organized layout.

Keep the Lines Short

Aim for 35–75 characters per line (this is a guideline, not a strict rule). Lines that are too long reduce readability, while comfortable line lengths help create a smoother reading experience.

Align to Grid

To maintain a clean, structured layout, align your text to a grid or nearby elements. This creates harmony between your text and the surrounding design components.

Left Align

For best readability, left-align your text. This gives readers a consistent starting point for every line, making your content easier to follow.

Heading

To create a clear and consistent hierarchy throughout the brand, the heading sizes follow a 1.33 ratio, also known as the Perfect Fourth scale. This proportional system ensures that each heading increases in size at a harmonious and visually balanced rate. Using this scale creates a smooth rhythm across the design, strengthens visual clarity, and maintains a cohesive typographic structure throughout the brand.

BRAND ELEMENTS

Brand Mascot

Mr. Hamleys is the heart of our brand which is a cheerful, welcoming mascot inspired directly from the iconic H in the Hamleys Smile logo. Designed with soft curves, bright eyes, and a big expressive smile, he reflects the friendliness, warmth, and childlike joy that define our brand values. His simple form makes him instantly recognisable and easy for children to connect with, while his open arms and playful posture mirror the brand's promise of fun, imagination, and togetherness. As the face of Hamleys Smile, Mr. Hamleys appears across collaterals, store experiences, campaigns, and storytelling, helping to build a consistent, lovable identity that children remember and feel excited to engage with.

Mascot Usage Guidelines

Consistency: Always use Mr. Hamleys in his original colours and proportions.

Expression: Keep his friendly smile and open posture to maintain brand warmth.

Backgrounds: Place him on clean, bright, kid-friendly backgrounds for visibility.

Scaling: Ensure the mascot is not stretched or distorted when resized.

Do Not: Change his colours, flip his body, or add extra elements that break the brand style.

Character Illustrations

These colourful 'H' characters are designed to feel fun, friendly, and easy for children to remember. Each colour has its own simple name—like Mr. Blue or Mrs. Green so kids can instantly connect with them. Their different postures and expressions give every character a unique personality, making the brand feel playful, lively, and full of imagination.

Brand Illustrations

These illustrations were created using real drawings made by my younger cousin, because I wanted the brand to authentically reflect the innocence, honesty, and imagination of a child. Instead of directing him on what to draw, I gave him full freedom to sketch anything he knew and loved—resulting in a natural mix of trees, clouds, suns, houses, candies, stars, and playful shapes. This randomness and rawness were intentional, as it captures the unfiltered creativity of children and brings a genuine, heartfelt touch to the brand. These imperfect, spontaneous doodles celebrate the joy, curiosity, and simplicity that Hamleys Smile stands for.

Brand Patterns

Our brand patterns blend the playful spirit of childhood with our visual identity. The Doodle Strip Pattern uses colourful, hand-drawn elements like suns, clouds, houses, and stars to bring a lively, imaginative touch to borders and trims, while the Smiley Star Pattern, inspired by the star in our logo, uses soft pink tones and sketchy outlines to create a warm, cheerful background. Together, these patterns reflect the creativity, joy, and child-friendly personality at the heart of Hamley's Smile.

07 BRAND PHOTOGRAPHY

Tone And Style

Our photography style captures the honesty and energy of real Indian childhood. Instead of polished, premium, or overly aesthetic visuals, we embrace the warmth and authenticity of Tier-2 Indian settings like neighbourhood corners, simple homes, and community spaces where children naturally play. Each image highlights unfiltered joy, candid expressions, and genuine moments of discovery, using real toys and relatable scenarios that Indian families instantly connect with. This style is bright but not artificial, colourful but not stylised, and always grounded in real emotions. By showcasing Indian children in familiar environments, we celebrate creativity, innocence, and the everyday magic of play—reflecting the true spirit of Hamley's Smile and its promise of bringing smiles to real kids in real places.

Product Photography

Our product photography combines soft felt-textured backgrounds with playful, handcrafted scenery to create a warm, innocent visual world that mirrors a child's imagination. These tactile, fabric-based setups make each toy feel friendly and approachable while ensuring the product remains the hero of the frame. Alongside this, all lifestyle shots follow the same brand guidelines

08 BRAND COLLATERALS

Collateral Guide

The brand does not require premium or extensive collateral systems such as badges, uniforms or high-cost packaging. The focus remains on creating joyful, affordable and functional touchpoints that bring the brand to life in a realistic way.

Hamleys Smile uses a small and practical set of brand collaterals that match its affordable and accessible nature. The brand focuses on simple, low-cost items that support everyday retail needs without unnecessary complexity. These collaterals help create a warm, playful and consistent experience for families, while remaining budget-friendly for the business.

Hamleys Smile uses a simple set of essential collaterals suited for everyday retail. Each collateral demonstrates the correct usage of the logo, colours, and visual language without requiring an extended brand system.
